

## EXTERIOR IDENTIFICATION

No.	Description
1.	Radio Antenna
2.	Solar Dome Power Roof Vent
3.	Range Exhaust Vent
4.	Air Conditioner
5.	Exterior Light
6.	Plumbing Vent
7.	Roof Vent
8.	T.V. Antenna
9.	Stabilizing Jack
10.	Furnace Vent
11.	Water Tank Fill
12.	Exterior 110-volt Outlet
13.	Converter/Battery Charger Compartment
14.	Power Panel Compartment
15.	Water Heater Vent & access door
16.	Emergency Exit Window
17.	Clearance Light
18.	Patio Awning
19.	Skid Bar
20.	Sidewall Ventilation
21.	Refrigerator Vents
22.	Refrigerator Access Compartment
23.	Double Foldaway Step
24.	Corner Window Travel Cover
25.	T.V. Cable Jack
26.	Exterior Storage Compartment
27.	Front Window Rockguard Awning
28.	LPG Tanks and Regulator
29.	Power Jack
30.	Hitch
31.	Sewer Hose Compartment
32.	Electrical Connector Cable
33.	Battery Box
34.	Trunk
35.	Vehicle Identification Number Tag
36.	License Plate Bracket
37.	Entrance Door With Plug-Type Screen

## EXTERIOR

The exterior of your Silver Streak is anodized aluminum and requires minimum care. Oil, grease, dust, and dirt may be removed by washing with a mild non-abrasive soap or detergent. Always clean your trailer in the shade when the exterior is cool. Cleaning should be followed by a thorough clean water rinse. Spots and streaks can be prevented by drying with a chamois or soft cloth. To keep your trailer looking new, paint the "A" frame and rear frame periodically.

Check the electrical connector periodically for dirt or corrosion. Keep contacts clean.
